

10 steps for gender inclusive recovery of Ukraine

1

Recovery and development plans at the national and local levels based on the needs and potential of different groups of women and men. Women's rights organizations' participation in the development, implementation and monitoring of the plans

2

Barrier-free, accessible and inclusive jobs, transport, infrastructure facilities and services

3

100% coverage of young children with pre-school education. After-class/ extended-day activities at schools

4

Addressing gender stereotypes related to family roles, fields of study, professions, business and decision-making. Eliminating of discrimination at workplace

5

Services and daycare facilities for people from diverse vulnerable groups and age categories, who need external care

6

Comprehensive services and facilities for survivors of gender-based violence in line with the Council of Europe standards and survivors of war-related sexual violence

7

Programs to (re)train women in professions where they are under-represented, STEM education for women and girls

8

Supporting women's entrepreneurship

10

9

International technical assistance programs on recovery and development address gender barriers in all sectors

Support from international partners to women's rights organizations in the gender-responsive and inclusive recovery processes
